

**December 19, 2014**

We are pleased to announce the promotion of Jo Limpens to Global Manager Customer Implementations effective today. Jo has 10 plus years of successful experience in Project Management, mainly in implementation of ERP and Business Applications for multinational companies.

In just a few short months, Jo has proven he's no stranger to the methodologies of standardization and structured project management. We strive to improve overall customer satisfaction, and look forward to Jo's positive impact on the quality of our customer implementations.

Please join us in wishing Jo success in his new role!
